---

Ordering Photos: Professional quality photos can be ordered directly from your online photo album.

FAQ:

When can I expect my photos?

Sneak peeks within a week, and 4-6 weeks for complete session photos uploaded to your private folder on my website

Can I get my photos on a portable drive?

Absolutely! If you provide the storage device, I will upload your edited photos to that device for you, free of charge.

Can I use my downloaded photos to order from other places?

You sure can! Upon request, I will provide you with a copyright release for your edited senior photos. HOWEVER, please note: Not all photo print services are the same! You may be disappointed in color and lighting through other companies, especially if your photos are backlit.
